

A Quarterly Report on the Church Planting Progress Among Unreached People Groups

In the first quarter of 2022, our team has started 194 new churches among the unreached. With these churches, we have reached the milestone of 3,094 cumulative total churches planted to date. This means we are over half way to 6000 churches and over a quarter of the way to Mission Impact, our goal of planting 4000 brand new churches for a total of 6000 churches among the unreached.

UPDATE ON THE FIRST 2000 CHURCHES PLANTED

By the end of 2019, Crossover Global reached the milestone of planting 2,000 churches among the unreached. We are committed to help newly planted churches reach maturity within three years from birth. Two key signs of church maturity is the ability to be self-led and self-supported. The churches that reach maturity, we call "successful." Those that do not reach maturity, we call "failed." We are pleased to report the Kingdom Impact of these churches .
