

CROSSOVER GLOBAL
KINGDOM
 RETURN ON INVESTMENT

For the last 34 years Crossover Global has sought to honor God by planting multiplying churches among unreached people groups. We believe that the local church is the most biblical and culturally appropriate way of providing Gospel access among the unreached. We love the Church! Together we are partnering with Him as He builds His Church around the world.

Every quarter we take time to update partners like you on the numbers of churches our team has been able to establish. We are excited to report that we have planted 69 churches the third quarter of 2021, resulting in a **cumulative total of 2,667 churches**. Below is the break down of churches planted toward Mission Impact.

THE POWER OF MULTIPLICATION

Our founders have created an organizational culture of multiplication. We talk about multiplication at every level. When it comes to church planting multiplication is a must. Our team seeks to plant Christ-centered, Biblically-founded and culturally-relevant churches that have multiplication in their DNA. New churches planting new churches.

After all these years, the focus on multiplication is starting to pay off. As new churches are multiplying among unreached people groups, we have helped local leaders to organized themselves in what we call "networks of churches." A church planting network consists of three or more local churches whose vision and values are the same.

Together we serve 17 church planting networks around the world. These networks have a total of 1,721 churches combined with 62,289 church members. These churches were established among 89 unreached people groups from a majority Muslim, Hindu and Buddhist backgrounds in 15 countries.

Thank you once again for your partnership. As, you consider your end of the year giving, we would like to ask you to please prayerfully consider financially investing in our church planting efforts. We cannot do the frontline work without people like you!
