THE COUNSEL OF THE
Lord STANDS FOREVER,
THE PLANS OF HIS
HEART TO ALL
GENERATIONS.

PSALM THIRTY-THREE ELEVEN

What a great promise that God’s plans never change. The entire world learned a lot about adapting to changes in the last six months. COVID-19 has served as a catalyst for much change in our world.

Even though COVID-19 has impacted our ability to pioneer church planting, Crossover Global’s commitment to provide Gospel access to unreached people groups has not changed.

This is Crossover Global’s third quarter report showing how God continues to work, despite the global pandemic, and present you with a few reasons for you to celebrate God’s accomplishment!

1 First, we are excited to report that a total of 61 new churches were planted in the last three months amid a global pandemic. Late 2019, we launched Mission Impact with the goal of planting a total of 4,000 brand new churches by the end of 2024. These new churches bring our goal to a total of 312 churches planted as part of Mission Impact.

2

Second, we are grateful for the way God has multiplied our Kingdom impact. We quickly realized that as countries started to shut down, our church planting efforts would slow down or even stop. Having been through two full quarters under COVID-19 restrictions, we made a comparison of the last three years by quarter.

	2018	2019	2020
QUARTER 1	113	241	205
QUARTER 2	165	179	29
QUARTER 3	115	281	61
QUARTER 4	233	53	
YEAR TOTAL	626	754*	295

*17 CHURCHES WERE COUNTED UNDER MISSION IMPACT.

During 2018 and 2019, we averaged 172 churches planted per quarter. Even though our church planting numbers are down 58% in comparison to the last two years, averaging 72 churches planted per quarter in 2020, the Lord has brought us so far and beyond! For example, in January 2018, we sent a publication celebrating a total of 150 new churches planted in 2017. Wow! Indeed, the Lord has multiplied our Kingdom impact.

3

Third, we continue working hard to grow and mature the churches planted. For instance, brothers Sanjay and Ram, both local church planters in northern India, led many people to Christ during the lockdown. Mid-September, as soon as the country of India started to open up, together they baptized a total of 86 new believers. The most reliable expression that these former Hindus truly became new believers is by publicly demonstrating their decision to follow Jesus through baptism.

What a humble reflection of how much the Lord grew Crossover Global's reach. Paul writes to the churches in Philippi; "Not that I seek the gift, but I seek the fruit that increases to your credit." (Philippians 4:17) May you feel a tangible part of the Kingdom impact your gifts are making among unreached people groups. It truly could not be done without you! **THANK YOU!**
